Fall INTO FEASTIVAL

Welcome Back to our Gourmet Feastival!

We are delighted that you could join us for our **29th Annual Gourmet Feastival**, Tampa's most delicious party. Thanks for being here to share this celebration and support the work of The Helen Gordon Davis Centre for Women.

For 44 years, The Centre for Women has been helping to empower, educate and elevate women and girls across Tampa Bay. We help everyday entrepreneurs, job seekers and women who want to learn the construction trades. We provide enrichment programs and career guidance for girls.

Our counseling & wellness therapists help people cope with stresses of life while our Senior Home Improvement Program makes it possible for low-income seniors to stay in their homes by providing emergency home repairs and retrofits.

This fabulous party supports all these programs... and others. This evening is once again made possible through the generosity of our corporate and community sponsors. And, of course, the stars of the evening: our delicious assortment of restaurants and beverage purveyors.

We are especially happy to welcome back our emcee **Java Ingram**, the host of Channel 10's **Great Day Tampa Bay** and the **Chello Acosta Band**. Thanks to our Feastival Chair **Lynne Daboll** and our enthusiastic committee led by our Engagement Manager **Zoey Butler**.

Since we are celebrating Fall, we found the perfect VIP restaurant: **Seasons 52**.

On behalf of everyone at The Centre for Women, thanks for joining us. Have a wonderful evening!

Cheers,

Ann W. Madsen

THE TAMPA BAY WOMEN'S BUSINESS CENTRE

Female entrepreneurs face unique hurdles in launching and growing their businesses. Our Women's Business Centre, which opened in 2014, is designed to help aspiring and nascent entrepreneurs. It is the only SBA designated Women's Business Centre on the west coast of Florida which provides us with the unique ability to offer the full array of SBA resources for women in business.

The Women's Business Centre serves women in six counties. In 2021, The Women's Business Centre launched a program especially for women who would like to start a business in the fashion industry.

WOMEN'S LEADERSHIP PROGRAMS

The Centre for Women offers an array of leadership training and networking events to inspire and empower women. Programs include an feature a diverse array of topics and featured speakers. In 2021, we plan to create a Women's Leadership Institute and will be working with HCC Southshore to bring leadership classes to students there.

COUNSELING AND WELLNESS

Another core program at The Helen Gordon Davis Centre for Women is our Counseling and Wellness program. This is a behavioral health program which provides low-cost clinical counseling for adults, children, teens, couples and families, with extensive public outreach for services at multiple sites, group education classes, and year-round workshops. Licensed, Master's prepared counselors help individuals negotiate everyday challenges such as job loss, divorce, death, parental and child issues; domestic violence and depression. Additionally, The Florida Blue Foundation has funded a three-year initiative called Wellness Emprise to bring mental wellness access to Hillsborough Community College Campuses.

CONSTRUCTION SERVICES

For more than 30 years, dedicated crews at The Centre for Women have provided no/low-cost home repairs and retrofits to low-income senior citizen homeowners in Hillsborough County. Its flagship program is known as the Senior Home Improvement Program (SHIP) has helped thousands of seniors to stay in their homes. Led by a licensed General Contractor, this program also is contracted with Hillsborough County to manage its owner-occupied rehab program for low-income seniors.

TAMPA BAY WORKS FOR WOMEN

For women who lack skills and training, work can be a treadmill of low-wage, low-satisfaction experiences that only reinforce barriers to success. For more than four decades, The Centre for Women has helped hundreds of women to secure jobs with supportive local employers.

Tampa Bay Works for Women offers a holistic continuum of innovative training and education programs to engage women and girls in thinking about their future. Programs provide real-world, hands-on experiences and robust encouragement through coaching, mentoring, and training.
